

PE hazardous material depot PG 9

with General Construction Inspection Approval (pending)

- for use outdoors and indoors
- made of high-quality polyethylene (PE)
- high chemical resistance
- lockable with sturdy stainless steel bar lock
- with document pouch on inside of door
- with integral forklift pockets for loading with pallets or IBCs
- ideal for Euro pallets (120x80), industrial pallets (120x120), plastic pallets of similar size or IBCs

- loaded pallets or IBCs can be placed directly into the depot
- a steel or PE grating is not required, but can be used if required on PE hazardous material depot 220/2
- PE hazardous material depot 1100/1 is fitted with a separate, sturdy stand
- the stand is already integrated in the housing with PE hazardous material depot 220/2
- door opens to 270° for stand-alone installation
- door opens to approx. 180° for serial installation
- doors can be latched at increments of 90°
- integrated rain gutter at top of door opening
- domed roof withstands higher snow loads
- option for fitting interior lighting
- cable duct option on the rear wall
