

ROTARY VANE PUMP

HAND OPERATED (RVP-01)

**10 Year
Warranty**

*conditions apply

PRODUCT OVERVIEW

The RVP-01 is a heavy duty die cast aluminium rotary vane pump designed to dispense diesel, kerosene and lubricating oils up to SAE90.

The RVP can deliver up to 20L/min (5gal/min) from 60 L (16gal) to 205 L (55gal) drums.

A 1.8m delivery hose with anti-kink spring allows easy fluid dispensing directly into tanks or containers.

FEATURES & BENEFITS

Nozzle Holder To Prevent Spillage

Allows nozzle to be fixed in non-siphoning position

Lockable Handle
To prevent theft of fluid

Rotary Action

Quick, effortless delivery of fluids up to 20L/min in both directions

Fully Repairable
Provides a much longer service life

2" Sliding Bung Adapter

Suits different height drums from 60L - 205L

Anti-kink Spring
Prevents hose from restricting fluid delivery

3 Piece Suction Tube

Allows length of suction tube to be adjusted to accommodate different height drums

1.8m Delivery Hose
Dispense direct from drum into tanks or containers

Self-priming

Easy to prime by rotating handle

TECHNICAL SPECIFICATIONS

Suitable for 60L – 205L drums

Delivers up to 20L/min in both directions

1.8m PVC / Nitrile delivery hose

2" BSP sliding bung adaptor

3 piece suction tube

Suitable for use with diesel, kerosene & lubricating oils up to SAE 90

Not suitable for most Bio-Diesel blends
