PE Ground protection systems^{HD} [PG 9]

NEW

- PE Ground protection systems with general construction inspection approval Z-40.22-548 and Z-40.22-549

 - can be used as storage/filling station
 - elements can be combined to cover a complete storage area
 - connection components (Accessories) permit the lining of surfaces of any size that are suitable as storage and transfilling stations
- can be combined in any way with the PE collection trays on page 139 of this catalogue
 - rugged, removable PE grating
 - stable PE access ramp with an integrated fixing bolt for connection to the PE grating, slight inclination for easy loading of the floor elements
 - PE grating and access ramp are non-slip
- PE Ground protection systems^{HD} - RG without approval no.

 - manufactured from high quality recycled polyethylene
 - suitable as a collection tray for materials not hazardous to water or for uses for which no approval is required

can be combined in any way with the PE collection trays^{HD} on page 139
